It is with great pleasure that we invite you to attend The 6th International Conference of School as Learning Community 2018 which will be held at Fuzhou in China on November 16 and 17.

The theme of the conference is “Quality and Equality of Learning in School as Learning Community”. As you know school as learning community has drastically impacted on school reform in all of the Asian countries during the past two decades. We, people who are concerned about human right of education for all, are keen to know what this means to democratization of schooling. It is also our firm belief that practical research which integrates theory and practice in the reflective practice has been elaborated among the colleagues of this movement.

Every country in the process of such reforms can learn valuable lessons from the experiences, knowledge, and insights gained from others. In this conference, we invited the leading professors from The United Kingdom, China, Korea, Taiwan, Singapore, Indonesia, Vietnam, Thailand and Japan, as keynote and plenary speakers. The 6th International Conference of School as Learning Community 2018 aims to provide a platform for education researchers and policy-makers throughout the Asian countries.
